URGENT WARNING TO THE PUBLIC

The Department of Public Works, Roads and Infrastructure would like to urge and warn members of the community against the scam that is currently doing rounds of jobs being advertised allegedly by the Department of Public Works with the names of our two Senior Human Resources personnel.

Please note that the Department **DID NOT** place any Recruitment Advertisement on social media and any other platform for the positions of:

- Learnership
- Internship

1. The two officials, Linda Kaseke and Ester Sehlapelo are employees of the Department of Public Works, Roads and Infrastructure not the Department of Public Works as wrongly attached by the job scammers.
2. We have not, as the Department of Public Works, Roads and Infrastructure, advertised any posts related to those in the job scam. **THERE IS NO SUCH RECRUITMENT.** The advertisement on social media and other platforms are **FALSE.**
