THE DEPARTMENT CAUTIONS THE PUBLIC ON A JOB SCAM

The Limpopo Department of Public Works, Roads and Infrastructure wishes to alert members of the public about scams targeting unsuspecting job seekers, where individuals are impersonating officials of the Department in an attempt to solicit money in exchange for employment opportunities.

Recent incidents have been recorded in the Collins Chabane Local Municipal area, in the Vhembe District.

Members of the public should note that the Department does not request or accept any form of payment for employment or any other opportunity.

All recruitment processes are conducted transparently and in accordance with applicable public service prescripts.

Members of the public are urged to exercise caution, remain vigilant, and not to fall victim to such fraudulent activities. Anyone approached with demands for payment related to employment is encouraged to immediately report the matter to relevant law enforcement agencies. The risk unit of the department is also giving this matter all the attention it deserves.

The Department further advises job seekers to verify all employment-related information through official departmental communication channels.
