PART T1: TENDERING PROCEDURE

T1.1 Tender Notice and Invitation to Tender

The Limpopo Department of Public Works, Roads and Infrastructure invites tenderers for the supply, delivery, installation, preventative maintenance, repairs and servicing of boreholes in Limpopo Province for a period of 36 months. It is estimated that tenderers must have a CIDB contractor grading designation of **3CE** or **3EB** or **3ME** or higher.

LDPWR&I or any client department or any organ of state including Municipalities and State Owned Entities, may make use of this term contract and issue Task Orders or Job Cards for work falling within the scope of the contained herein.

The department has advertised a total of 5 bids for the following districts:

- Capricorn District LDPWRI- BM/20482
- Mopani District LDPWRI-BM/20483
- Vhembe District LDPWRI-BM/20484
- Sekhukhune District LDPWRI-BM/20485
- Waterberg District LDPWRI-BM/20486

These will be considered as a programme, Appointment will be limited to one service provider per bid / district. In the event that it is not possible to appoint one per bid/district, then one service provider shall be appointed for a maximum of 2 bids/districts.

The conditions of the CIDB Standard for for Indirect Targeting for Enterprise Development through Construction Works Contracts Gazette Notice No. 36190 of 25 February 2013 will be applicable on this project

T1.2 Tender Data

Clause					
number	Tender Data				
	The conditions of tender are the Standard Conditions of Tender as contained in Annex C of Board Notice 423 of 2019 in Government Gazette No. 42622 of 08 August 2019, Construction Industry Development Board (CIDB) Standard for Uniformity in Construction Procurement. (See www.cidb.org.za) which are reproduced without amendment or alteration for the convenience of tenderers as an Annex to this Tender Data.				
	The Standard Conditions of Tender make several references to the Tender Data for details that apply specifically to this tender. The Tender Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the standard conditions of tender. Each item of data given below is cross-referenced to the clause in the Standard Conditions of Tender to which it mainly applies.				
The contractor shall achieve in the performance of the contract the Contract Participal (CPG) relating to the engagement of targeted enterprises as established in the CIDB Solution Indirect Targeting for Enterprise Development through Construction Works Contracts Gazen No. 36190 of 25 February 2013. In this case, contractor shall provide a minimum Participation Goal (CPG) of 5% of the total project value and develop targeted estated under C3 of this document.					
	The following variations, amendments and additions to the Standard Conditions of Tender as set out in the Tender Data below shall apply to this tender. Add the following to clauses in Standard Conditions of Tender:				
C.1.1	The Employer is the Department of Public Works, Roads and Infrastructure				
C.1.2	The Tender Part T1: Tendering procedures T1.1 Tender notice and invitation to tender T1.2 Tender data				
	Part T2: Returnable documents T2.1 List of returnable documents T2.2 Returnable schedules				
:	The Contract Part C1: Agreements and contract data C1.1 Form of offer and acceptance C1.2 Contract data				
	C1.3 Joint Venture Agreement (If Applicable) The Contract Part C2: Pricing data C2.1 Pricing instructions C2.2 Bills of Quantities				
	Part 3: Scope of work C3.1 Special Notes to Tenderers				

C.1.4	All communications related to this tender should be directed to the persons indicated under Enquires on this tender document.
	Attention is also drawn to the fact that verbal information, given by the Employer's agent during site visits/clarification meetings or at any other time prior to the award of the Contract, will not be regarded as binding on the Employer. Only information issued formally by the Employer in writing to tenderers will be regarded as amending the Tender Documents.
C.1.5	The employer reserve to cancel the tender prior to the award of the tender.
C1.6.3	A two-stage system will not be followed.
C.2.1	Eligibility in respect of CIDB grading
	Only tenderers who are registered with the Construction Industry Development Board (CIDB) with designation of 3CE or 3EB or 3ME or higher contractor grading determined in accordance with the sum tendered, or a value determined in accordance with Regulation 25 (1B) or 25(7A) of the Construction Industry Development Regulations are eligible to have their tenders evaluated.
	Joint ventures are eligible to submit tenders provided that:
	Every member of the joint venture is registered with the CIDB.
	The lead partner has a contractor grading designation General building works as follows: 2.1 3CE or 3EB or 3ME or higher
	3. The combined contractor grading designation calculated in accordance with the Construction Industry Development Regulations is equal to or higher than a contractor grading designation determined in accordance with the sum tendered for an elevator maintenance and service – Infrastructure or a value determined in accordance with Regulation 25 (1B) or 25(7A) of the Construction Industry Development Regulations.
	The tenderer must also submit the compulsory returnable documentation listed in this tender
C2.2	Cost of tendering
	The tenderer accept that, unless otherwise stated in the tender data, the employer will not compensate the tenderer for any costs incurred in the preparation and submission of a tender offer, including the costs of any testing necessary to demonstrate that aspects of the offer complies with requirements
C.2.7	Compulsory site briefing
	A compulsory briefing meeting will not be held.
C.2.11	Alterations to the documents
	Tenderers are required to not make any alterations or additions to the tender documents, except to comply with instructions issued by the employer, or necessary to correct errors made by the tenderer. All signatories to the tender offer shall initial all such alterations
C.2.12	Alternative tender offer
	No alternative tender offer is permitted in this tender.
C.2.13.2	Replace sub-clause C.2.13.2 with the following; Return all returnable documents to the employer after completing them in their entirety by writing in non-erasable black ink
C.2.13.3	Parts of each tender offer communicated on paper shall be submitted as an original

C.2,13.4	The tender shall be signed by a person duly authorized to do so.
C.2.13.5	The employer's details and address for delivery of tender offers and identification details that are to be shown on each tender offer package are:
	Location of tender box: DEPARTMENT OF PUBLIC WORKS, ROADS & INFRASTRUCTURE. Physical address: Corner River and Blaauwberg Streets, Ladanna, 0699 Identification details: Sealed Tender with Tender reference number, Title of Tender and the closing date and time of the tender.
C.2.15.1	The closing time for submission of tender offers is as stated in the Tender Notice and Invitation to Tender. Telephonic, telegraphic, telex, facsimile or e-mailed tender offers will not be accepted.
C.2.16.1	The tender offer validity period is 16 weeks or 120 days.
C.2.16.2	The tender accepts that a tender submission that has been submitted to the employer may only be withdrawn or substituted by giving the employer's agent written notice before the closing time for tenders that a tender is to be withdrawn or substituted. If the validity period stated in C.2.16 lapses before the employer-evaluating tender, the contractor reserves the right to review the price based on Consumer Price Index (CPI).
C.3.1	The tenderer is required to indicate how they claim points for each preference point system and attached relevant supporting documents. The specific goals for claiming of preference points include the following:
	 Persons who had no franchise in national elections prior to 1983 and 1993 - Attach Directors 's certified copy of South African ID & CK Promotion of Women owned enterprises - Attach Director's certified copy of South African ID & CK Disabled persons - Attach letter/medical certificate from Healthcare Professional Promotion of SMMEs - Attach latest Financial Statement Enterprise located in Limpopo Province - Attach proof of Enterprise Address/Lease agreement Promotion of youth - Attach Directors 's certified copy of South African ID South African owned enterprises - Attach Directors 's certified copy of South African ID & CK
	CIDB Grading Certificate
	Tenders are required to provide proof of registration with the CIDB register of contractors indicating the category of registration, grading as well as the CRS number of the tenderer.
	Letter of Good Standing
	Tender are required to submit, bound with the tender submission, a letter of good from the Compensation commissioner indicating that the tenderer is in good standing.
C3.2	Notwithstanding any requests for confirmation of receipt of Addenda issued, the tenderer shall be deemed to have received such addenda if the employer can show proof of transmission thereof (or a notice in respect thereof) via electronic mail, facsimile or registered post.
C.3.2.1	Tenders will not be opened immediately after the closing time for tenders.
C.3.2.2	The tenderers will be evaluated in four stages:
	a) Stage 1: Administrative Compliance: The Compliance or compulsory documents and returnable are detailed in Section T.2.1 of this tender document. Failure to submit, complete or comply with these requirements will lead to automatic disqualification.

b) Stage 2: Functionality: Functionality of responsive bids submitted will be evaluated according to the predetermined criteria described below. Bidders are required to score a minimum number of evaluation points of 70 for functionality in order to proceed to the next phase of evaluation.

CRITERIA -	DESCRIPTION	POINTS
Bidder's previous experience	Bidder's past experience (Proof of supply, maintenance and repairs of boreholes)	25
Key Personnel	Background and experience of all key personnel proposed tundertake the services	40
Plant	List of plant owned	10
Office location	Company office is fully established in Limpopo	15
Bank Rating	Letter from Financial Institution showing the Bank rating	10
Ma	100	

The technical capacity (functionality) of the contractors will not be evaluated any further during evaluation of the RFQ. However, the contractors will be required to declare the status of their key staff and any administrative compliance. In cases where there are changes in the key staff, the contractor should provide CVs and qualifications of the new staff to LDPWR&I. The new staff should have similar skills, qualifications and experience as the staff submitted during tender. Similarly, the contractors will be expected to provide an update on any changes in their administrative compliances – and should submit the required SBD document in such cases.

c) Stage 3: Price and Preference

The procedure for final evaluation of responsive tenders is Method 2 (Financial offer and preference). The total number of tender evaluation points (T_{EV}) shall be determined in accordance with the following formula.

$$T_{EV} = N_{FO} + N_P$$

 N_{FO} is the number of tender evaluation points awarded for the financial offer made. The score for financial offer is calculated using the following formula:

$$P = A * \left(1 - \frac{(P_o - P_m)}{P_m}\right)$$

Where:

A is 80 since the estimated financial value of works inclusive of VAT is equals or is less than R 50,000,000.000.

 $\ensuremath{\emph{P}}$ is the points awarded to the tender under consideration

 P_m is the lowest Comparative tender price

 P_o is the comparative price under consideration

 N_P is the number of tender evaluation points awarded for preferences claimed in accordance with the Preferencing Schedule in 3.18

The award will only be issued to contractors with valid Tax Clearance certificates, active CIDB grading and the contractor who meets all the legislative requirement – this shall be verified by SCM in line with the departmental SCM Policy.

PART T2: RETURNABLE DOCUMENTS

T2.1: LIST OF RETURNABLE DOCUMENTS

- The following documents MUST be submitted documents submitted by the Contractors as part of the tender document:
- a) Fully Completed Pricing Schedule and Form of Offer
- b) Submission of fully completed and signed Standard Bidding Documents
 - 1.1. SBD 1: Invitation to bid
 - 1.2. SBD 3.2: Pricing Schedule Non-Firm Prices
 - 1.3. SBD 4: Bidder's Disclosure
 - 1.4. SBD 6.1: Reference Points claim form in terms of the Preferential Procurement Regulations 2022 or amended
- c) Fully completed signed Record of Addenda to tender documents
- d) Fully completed signed Proposed Amendments and Qualifications (if applicable)
- e) Fully completed signed Compulsory Declaration
- f) Fully completed signed Certificate of Authority
- g) CSD Report
- h) Valid CIDB grading certificate 3CE or 3EB or 3ME or higher
- i) JV Agreement (if applicable)
- 2. The following returnable documents are required for tender evaluation purposes. Tenderers will not be disqualified for failure to submit or complete these returnable documents. However, it will affect the awarding of points during evaluations.
- a. Practical and Final completion certificates on the completed projects.
- b. List of plant owned and /or leased and proof of ownership.
- c. Curriculum Vitae of all key staff allocated to this project, indicating their experience and qualifications and professional registration with relevant council or body.
- d. Certified copies (not older than 6 months) of all qualifications, professional registrations and training
- e. Certified copy of the company's directors' identity documents not older than six (6) months. No copy of a certified copy will be accepted.
- f. Copy of COIDA (Compensation for Occupational Injuries and Diseases) registration certificate, e.g. Letter of Good Standing
- g. Valid Proof of Contractor Registration issued by the Construction Industry Development Board -Compulsory.
- Letter from Financial Institution showing the Bank rating.
- i. Annual Financial Statements
- j. Proof of company address

BIDDER'S DISCLOSURE

1. PURPOSE OF THE FORM

Any person (natural or juristic) may make an offer or offers in terms of this invitation to bid. In line with the principles of transparency, accountability, impartiality, and ethics as enshrined in the Constitution of the Republic of South Africa and further expressed in various pieces of legislation, it is required for the bidder to make this declaration in respect of the details required hereunder.

Where a person/s are listed in the Register for Tender Defaulters and / or the List of Restricted Suppliers, that person will automatically be disqualified from the bid process.

2. Bidder's declaration

- 2.1. Is the bidder, or any of its directors / trustees / shareholders / members / partners or any person having a controlling interest¹ in the enterprise, employed by the state?

 YES/NO
- 2.1.1. If so, furnish particulars of the names, individual identity numbers, and, if applicable, state employee numbers of sole proprietor/ directors / trustees / shareholders / members/ partners or any person having a controlling interest in the enterprise, in table below.

Full Name	Identity Number	Name of State institution
	<u> </u>	

¹ the power, by one person or a group of persons holding the majority of the equity of an enterprise, alternatively, the person/s having the deciding vote or power to influence or to direct the course and decisions of the enterprise.

TENDER NO.: LDPWRI-BM/20483 - APPOINTMENT OF TERM CONTRACTORS FOR THE SUPPLY, DELIVERY, INSTALLATION, PREVENTATIVE MAINTAINANCE, REPAIRS AND SERVICING OF BOREHOLES IN LIMPOPO PROVINCE - MOPANI DISTRICT

2.2.	Do you, or any person connected with the bidder, have a relationship with any person who is employed by the procuring institution? YES/NO
2.2.	1. If so, furnish particulars:
	Does the bidder or any of its directors / trustees / shareholders / members / partners or any person having a controlling interest in the enterprise have any interest in any other related enterprise whether or not they are bidding for this contract? YES/NO 3.1 If so, furnish particulars:
3	DECLARATION
1, th	ne undersigned, (name) in submitting the
acco	empanying bid, do hereby make the following statements that I certify to be true and complete in every
resp	ect:
3,1	I have read and I understand the contents of this disclosure;
3.2	I understand that the accompanying bid will be disqualified if this disclosure is found not to be true and complete in every respect;
3.3	The bidder has arrived at the accompanying bid independently from, and without consultation communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium ² will not be construed as collusive bidding.
3.4	In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications, prices, including methods, factors or formulas used to calculate prices, market allocation, the intention or decision to submit or not to submit the bid bidding with the intention not to win the bid and conditions or delivery particulars of the products of services to which this bid invitation relates.
3.5	The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly of indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
3.6	There have been no consultations, communications, agreements or arrangements made by the bidde with any official of the procuring institution in relation to this procurement process prior to and during
	int venture or Consortium means an association of persons for the purpose of combining their expertise, perty, capital, efforts, skill and knowledge in an activity for the execution of a contract.

TENDER NO.: LDPWRI-BM/20483 - APPOINTMENT OF TERM CONTRACTORS FOR THE SUPPLY, DELIVERY, INSTALLATION, PREVENTATIVE MAINTAINANCE, REPAIRS AND SERVICING OF BOREHOLES IN LIMPOPO PROVINCE - MOPANI DISTRICT

the bidding process except to provide clarification on the bid submitted where so required by the institution; and the bidder was not involved in the drafting of the specifications or terms of reference for this bid.

3.7 I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

I CERTIFY THAT THE INFORMATION FURNISHED IN PARAGRAPHS 1, 2 and 3 ABOVE IS CORRECT.

I ACCEPT THAT THE STATE MAY REJECT THE BID OR ACT AGAINST ME IN TERMS OF PARAGRAPH 6 OF PFMA SCM INSTRUCTION 03 OF 2021/22 ON PREVENTING AND COMBATING ABUSE IN THE SUPPLY CHAIN MANAGEMENT SYSTEM SHOULD THIS DECLARATION PROVE TO BE FALSE.

SBD 6.1

PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022

1. GENERAL CONDITIONS

- 1.1 The following preference point systems are applicable to invitations to tender:
 - the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
 - the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

1.2 To be completed by the organ of state

- a) The applicable preference point system for this tender is the **80/20** preference point system.
- 1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:
 - (a) Price; and
 - (b) Specific Goals.

1.4 To be completed by the organ of state:

The maximum points for this tender are allocated as follows:

	POINTS
PRICE	80
SPECIFIC GOALS	20
Total points for Price and SPECIFIC GOALS	100

- 1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.
- 1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

2. **DEFINITIONS**

- (a) "tender" means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;
- (b) "price" means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts:
- (c) "rand value" means the total estimated value of a contract in Rand, calculated at the time of tender invitation, and includes all applicable taxes;
- (d) "tender for income-generating contracts" means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) "the Act" means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

3.1. POINTS AWARDED FOR PRICE

3.1.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

80/20 or 90/10

$$Ps = 80\left(1 - \frac{Pt - Pmin}{Pmin}\right)$$
 or $Ps = 90\left(1 - \frac{Pt - Pmin}{Pmin}\right)$

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmin = Price of lowest acceptable tender

3.2. FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME GENERATING PROCUREMENT

3.2.1. POINTS AWARDED FOR PRICE

A maximum of 80 or 90 points is allocated for price on the following basis:

80/20 or 90/10

$$Ps = 80\left(1 + \frac{Pt - P max}{P max}\right)$$
 or $Ps = 90\left(1 + \frac{Pt - P max}{P max}\right)$

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmax = Price of highest acceptable tender

4. POINTS AWARDED FOR SPECIFIC GOALS

- 4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:
- 4.2. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—
 - (a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or
 - (b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,

then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

Table 1: Specific goals for the tender and points claimed are indicated per the table below.

Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such.

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)

The specific goals allocated points in terms of this tender	Number of points allocated (80/20 system) (To be completed by the organ of state)	Number of points claimed (80/20 system) (To be completed by the tenderer)
Persons who had no franchise in national elections prior to 1984 and 1994 (Attach Director's Certified ID copy and Company Registration documents)	6	
Women (Attach Director's Certified ID copy and Company Registration documents)	3	,
Disabled persons (Attach a letter from a health Professional)	2

4.4.	Company registration number:					
4.5.	TYPE OF COMPANY/ FIRM [TICK APPLICABLE BOX]					
	 □ Partnership/Joint Venture / Consortium □ One-person business/sole propriety □ Close corporation □ Public Company □ Personal Liability Company □ (Pty) Limited □ Non-Profit Company □ State Owned Company 					

- 4.6. I, the undersigned, who is duly authorised to do so on behalf of the company/firm, certify that the points claimed, based on the specific goals as advised in the tender, qualifies the company/ firm for the preference(s) shown and I acknowledge that:
 - i) The information furnished is true and correct;
 - ii) The preference points claimed are in accordance with the General Conditions as indicated in paragraph 1 of this form;
 - iii) In the event of a contract being awarded as a result of points claimed as shown in paragraphs 1.4 and 4.2, the contractor may be required to furnish documentary proof to the satisfaction of the organ of state that the claims are correct;
 - iv) If the specific goals have been claimed or obtained on a fraudulent basis or any of the conditions of contract have not been fulfilled, the organ of state may, in addition to any other remedy it may have
 - (a) disqualify the person from the tendering process;
 - (b) recover costs, losses or damages it has incurred or suffered as a result of that person's conduct;
 - (c) cancel the contract and claim any damages which it has suffered as a result of having to make less favourable arrangements due to such cancellation;
 - (d) recommend that the tenderer or contractor, its shareholders and directors, or only the shareholders and directors who acted on a fraudulent basis, be restricted from obtaining business from any organ of state for a period not exceeding 10 years, after the audi alteram partem (hear the other side) rule has been applied; and
 - (e) forward the matter for criminal prosecution, if deemed necessary.

PART C1: AGREEMENT AND CONTRACT DATA

C1.1. FORM OF OFFER AND ACCEPTANCE

Offer

The employer, identified in the acceptance signature block, has solicited offers to enter into a contract in respect of the following works:

APPOINTMENT OF TERM CONTRACTORS FOR THE SUPPLY, DELIVERY, INSTALLATION, PREVENTATIVE MAINTAINANCE, REPAIRS AND SERVICING OF BOREHOLES IN LIMPOPO PROVINCE FOR 36MONTHS - MOPANI DISTRICT

The tenderer, identified in the offer signature block, has examined the documents listed in the tender data and addenda thereto as listed in the tender schedules, and by submitting this offer has accepted the conditions of tender.

By the representative of the tenderer, deemed to be duly authorized, signing this part of the Form of Offer and Acceptance, the tenderer offers to perform all of the obligations and liabilities of the contractor under the contract including compliance with all its terms and conditions according to their true intent and meaning for an amount to be determined in accordance with the conditions of contract identified in the contract data.

THE OFFERED TOTAL OF THE PRICE INCLUSIVE OF VALUE ADDED TAX IS (CONTRACT PRICE)

Rand (in words); R

Acceptance (To be completed by the employer – not the tenderer)

By signing this part of this Form of Offer and Acceptance, the *Employer* identified below accepts the tenderer's Offer. In consideration thereof, the *Employer* shall pay the Consultant the amount due in accordance with the *conditions of contract* identified in the Contract Data. Acceptance of the tenderer's Offer shall form an agreement between the *Employer* and the tenderer upon the terms and conditions contained in this agreement and in the contract that is the subject of this agreement.

Part C1 Agreements and Contract Data, (which includes this Form of Offer and Acceptance)
Part C2 Pricing Data

Part C3 Scope of Work

and drawings and documents (or parts thereof), which may be incorporated by reference into the above listed Parts.

Deviations from and amendments to the documents listed in the Tender Data and any addenda thereto listed in the Returnable Schedules as well as any changes to the terms of the Offer agreed by the tenderer and the *Employer* during this process of offer and acceptance, are contained in the Schedule of Deviations attached to and forming part of this Form of Offer and Acceptance. No amendments to or deviations from said documents are valid unless contained in this Schedule.

The tenderer shall within two weeks of receiving a completed copy of this agreement, including the Schedule of Deviations (if any), contact the *Employer's* agent (whose details are given in the Contract Data) to arrange the delivery of any securities, bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the *conditions* of contract identified in the Contract Data. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this agreement.

Notwithstanding anything contained herein, this agreement comes into effect on the date when the tenderer receives one fully completed original copy of this document, including the Schedule of Deviations (if any). Unless the tenderer (now Consultant) within five working days of the date of such receipt notifies the Employer in writing of any reason why he cannot accept the contents of this agreement, this agreement shall constitute a binding contract between the Parties.

C1.2 CONTRACT DATA

DELIVE	ACT DATA FOR: APPOINTMENT OF TERM CONTRACTORS FOR THE SUPPLY, RY, INSTALLATION, PREVENTATIVE MAINTAINANCE, REPAIRS AND SERVICING OF OLES IN LIMPOPO PROVINCE FOR 36 MONTHS — MOPANI DISTRICT
1.	CONDITIONS OF CONTRACT
	The General Conditions of Contract (GCC) for Procurement of Goods and Services, published by National Department of Treasury is applicable.
2.	CONTRACT SPECIFIC DATA
	The GCC contract is applicable in its entirety, with the following amendments :
	Clause 1.22 : The name of the Employer is :
	Limpopo Department of Public Works , Roads and Infrastructure
	Clause 8 : Inspection
	 8.1 . All pre - bidding testing will be for the account of the bidder. 8.2. If it is a bid condition that supplies to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspections tests and analysis, the bidder or contractor's premises shall be open, at all reasonable hours, for inspection by a representative of the employer or an organization acting on behalf of the employer. 8.3. If there are no inspection requirements indicated in the bidding documents and no
	mention is made in the contract, but during the contract period it is decided that inspections shall be carried out, the employer shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned. 8.4. If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the goods to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the employer.
	Clause 9 : Packaging
	9.1 . The bidder shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract . The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing, case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.
	Clause 10 : Delivery
	Delivery of the goods shall be made by the bidder in accordance with the documents and terms specified in the contract . The details of shipping and /or other documents shall be furnished by the employer during the execution of the contract .
	Clause 11 : Insurance
	The goods supplied under the contract shall be fully insured in a freely convertible currency against loss or damage incidental to manufacture or acquisition , transportation , storage and delivery in the manner specified

Clause 12: Transportation

The bidder is to transport the goods in its entirety . The prices provided should be inclusive of the cost of transportation .

Clause 13 : Incidental

- 13.1 . The bidder may be required to provide any or all of the following services, including additional services, If any:
- 13.1.1 . performance or supervision of on site assembly and/or commissioning of the supplied goods;
- 13.1.2 . furnishing of tools required for assembly and/or maintenance of the supplied goods;
- 13.1.3, furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods;
- 13.1.4 . performance or supervision or maintenance and/or repair of the supplied goods , for a period of time agreed by the parties , provided that this service shall not relieve the supplier of any warranty obligations under this contract; and
- 13.1.5 . training of the purchaser's personnel , at the supplier's plant and/or on-site , in assembly , start-up , operation, maintenance , and/or repair of the supplied goods.
 13.2 . Prices charged by the supplier for incidental services , if not included in the contract price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services

Clause 14: Spare parts

The bidder may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier:

- 14.1.1 . such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and;
- 14.1.2 . in the event of termination of production of the spare parts :
- 14.1.2.1 . advance notification to the purchaser of the pending termination , in sufficient time to permit the purchaser to procure needed requirements ; and
- 14.1.2.2 . following such termination, furnishing at no cost to the purchaser, the blueprints , drawings, and specifications of the spare parts , if requested

Clause 15: Warranty

15.1 The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. Where applicable, the goods should be from the OEM or supported theref.

The bidder further warrants that all goods supplied under this contract shall have no defect , arising from design , materials , or workmanship (except when the design and /or material is required by the purchaser's specifications) or from any act or omission of the supplier , that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination .

- 15.2 . This warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the contract.
- 15.3 . The employer shall promptly notify the bidder in writing of any claims arising under this warranty.
- 15.4. Upon receipt of such notice , the bidder shall , within the period and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser .
- 15.5. If the supplier, having been notified, fails to remedy the defect (s) within the period specified, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.

Clause 16:

16.1 For the supply and delivery of new generator sets , the bidders shall be paid once - off after the delivery and commissioning of the unit (s).

16.2 The invoices for repairs and maintenance shall be accompanied by a completed Job card attached herein . The Job card should be duly signed by the employer's agent. 16.3 . Invoices may be submitted weekly , monthly or quarterly, depending on the nature of works conducted. Payments shall be made by the employer no later than thirty (30) days after submission of an invoice, statement or claim by the bidder. Clause 17: Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices quoted by the supplier in his bid, with the exception of any price adjustments authorized or in the purchaser's request for bid validity extension . as the case may be . No variation orders shall be accepted. Clause 21: Delays in the bidder's performance 21.1 Delivery of the goods, repairs or maintanance and performance of services shall be made by the supplier in accordance with the time schedule prescribed and agreed with the employer in the contract. Repairs of the generator units are expected to be undertaken within 24 hours from the time the call is made by the employer's agent. 21.2. If at any time during performance of the contract, the supplier or its subcontractor (s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the employer in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the employer shall evaluate the situation and may at his discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract. 21.3. The right is reserved to procure outside of the contract small quantities or to have minor essential services executed if an emergency arises, the supplier's point of supply is not situated at or near the place where the supplies are required, or the supplier's services are not readily available. 21.4 . Except as provided under GCC Clause 25 , a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 22 without the application of penalties. 21.5. Upon any delay beyond the delivery period in the case of a supplies contract, the employer shall, without cancelling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and without prejudice to his other rights, be entitled to claim damages from the supplier. Clause 22: Penalties Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period (s) specified in the contract, the employer shall, without prejudice to its other remedies under the contract, deduct from the contract price , as a penalty , a sum calculated on the delivered price of the delayed goods or unperformed services as follows: The penalty per calendar day shall be: 0.05 % of the Contract Price, rounded to the nearest R10, for each day of the delay until actual delivery or performance. The employer may also consider termination of the contract pursuant to GCC Clause 23. Clause 23: Termination for default The employer is entitled to terminate the contract in term of Clause 23 of GCC contract, Clause 26: Termination for insolvency The employer may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has

accrued or will accrue thereafter to the purchaser.

Clause 27: Settlement of disputes 27.1. If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation. 27.2. If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party. 27.3 . Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law. 27.4. Notwithstanding any reference to mediation and/or court proceedings herein, 27.4.1. the parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and 27.4.2 . the employer shall pay the supplier any monies due for goods delivered and / or services rendered according to the prescripts of the contract. Clause 29 The contract and communication be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the parties shall also be written Clause 30 : Applicable law The contract shall be interpreted in accordance with South African laws Clause 34: Amendments of the Contract No agreement to amend or vary a contract or order or the conditions, stipulations or provisions thereof shall be valid and of any force unless such agreement to amend or vary is entered into in writing and signed by the contracting parties . Any waiver of the requirement that the agreement to amend or vary shall be in writing, shall also be in writing.

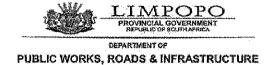

PART C2: PRICING DATA

C2.1 Pricing Instruction

- The bidder is required to provide rates provided in the Bills of Quantities in C2.2.
- The rates provided will be used as contract rates during the execution of the contract with the successful bidder, the rates and the financial offer provided are by no means a contract amount.

PART C3 SCOPE OF WORKS

PART C3.1: SCOPE OF WORKS

1. Employers Objectives

Limpopo Department of Public Works, Roads and Infrastructure invites tenders for the supply, delivery, installation, preventative maintainance, repairs and servicing of boreholes in limpopo province. The department will enter into term contract with two successful tenderers for a period of 36 months without a guarantee of the quantum of work.

LDPWRR&I or any other department or organs of state including Municipalities and State Owned Entities may make use this contract and issue Task Orders for work falling within the scope of the contracts.

2. Extent of scope of works

2.1 Supply, delivery and installation of boreholes

The scope involves the supply, delivery, installation, preventative maintainance, repairs and servicing of boreholes,including the new borehole development with associated studies.

2.2 Maintenance, repairs and servicing

Maintenance

The maintenance involves servicing, diagnosing, repairing, reporting, and testing of existing boreholes. Servicing refers to performing routine preventive maintenance as prescribed by the original equipment manufacturer (OEM), LDPWR&I's planned maintenance routines, and applicable legal and design standards as outlined in the contract.

Repairs

Repairs refers to responding to breakdowns, callouts and restoring the equipment to safe working conditions within agreed timelines. The service provide will not be allowed to attend to repairs or maintenance without prior approval from the employer's agent.

All calls are to be attended to within 24 hours from the time the bidder receive the call from LDPWR &I agent .

Reporting involves diagnosing faults and breakdowns and providing failure analysis and recommendation reports on a timely basis .

3. 3. Statutory requirements

- √ The Code of Practice for Wiring of Premises SABS 0142-1
- \checkmark The Occupational Health and Safety Act , Act 85 of 1993 as amended .
- √ The municipal by-laws and any special requirements of the local supply authority.
- √ The local fire regulations
- ✓ Department Standard Quality Specification for standby diesel alternator sets and ISO 9001 : 2000
- √ All relevant Departmental Quality specifications referred to in the standard specification.
- ✓ Code of Practice for Water Quality for Domestic Water SANS 241:2015
- √ Code of Practice for Water Quality for Borehoel Developemnt SANS 10299-1:2003
- √ Code of Practice for Civil Works SANS 1200

PART C3.2: SPECIFICATIONS

1. Specification intent

The purpose of this specification is to outline the requirements and the procedures to be followed by both the Employer and the contractor for the supply, maintenance, and commissioning of the domestic water supply boreholes. Notify the contractor that all component referred to in this specification were not invented by the principal agent or the consulting engineer. But only selected from existing market part and it is up to the contractor to find what type of equipment was selected.

2. Scope of works

The appointed contractor is to perform the following works for the Employing department.

- 2.1 Attend to fault calls for all water supply related equipment, infrastructure, and tests as requested by the department's authority.
- 2.2 Perform both preventative and corrective maintenance for all the water supply related equipment and infrastructure as recommended by the manufacturer.
- 2.3 Perform all the necessary tests for water supply.
- 2.4 Supply all the related equipment and infrastructure as per acceptable quotations.
- 2.5 Drilling of boreholes and equipping of new the boreholes as per professional recommendations.
- 2.6 Rehabilitation of existing boreholes as per professional recommendations.
- 2.7 Assess and report on the current condition of the existing water supply infrastructure in the authorised parameter.
- 2.8 Registration of the boreholes with the relevant Water and Sanitation Department under the ownership of the Employer.
- 2.9 Chlorination.
- 2.10 Installation and maintenance of water purification and filtering systems.

3. General requirements

3.1 General

The contractor shall attend to fault calls, inspections, preventative and corrective maintenance, supply and installation of equipment, perform tests, modification and rehabilitation of the domestic water supply infrastructure in an authorised specified perimeter to meet all the performance requirements by the local authority. All materials, equipment and appliances shall be originated from the original or reputable manufacturers.

All materials and workmanship shall comply with all relevant sections of the latest edition of the following and all current amendments thereto issued, unless otherwise specified on a particular Works Order or instructed by the Employer: -

- a) The latest issue of SANS 10142: "Code of Practice for the Wiring of Premises".
- b) The Occupational Health and Safety Act, 1993 (Act 85 of 1993) as amended,
- c) The Local Government Ordinance 1939 (Ordinance 17 of 1939) as amended and the municipal by-laws and any special requirements of the local supply authority,
- d) The Fire Brigade Services Act 1993 Act 99 of 1987 as amended.
- e) The National Building Regulations and Building Standards Act 1977 (Act 103 of 1977) as emended,
 - f) The Post Office Act 1958 (Act 44 of 1958) as amended,

g) The Electricity Act 1984 (Act 41 of 1984) as amended and

All work shall be in accordance with the requirements of all the standards mentioned above.

Equipment and materials utilised shall be new and approved by the local authorities having the appropriate jurisdiction.

The Contractor shall provide sufficient qualified technical staff, field staff and safety personnel to ensure the Works under this contract be satisfactorily carried out safely and meeting the performance targets and programmes.

3.2 Fault call

The Contractor will be contacted telephonically by the local authority to attend to corrective maintenance of the water supply infrastructure. The call must be attended to within 2 working days. The contractor will do the technical inspections, notify the local authority by a written report or in form of an invoice listing all the required works including materials within 2 working prior the inspection. The contractor shall then commence the works within 2 days prior receiving the approval.

3.3 Site establishment

The contractor shall ensure that the working site is safe and secured to carry out any works. The parameter must be isolated by demarcations, fence, and all the relevant signage.

3.4 Chemical and biological water quality testing

All chemical and biological water quality testing shall be conducted by a qualified professional and at a competent laboratory approved by the authority. The results are to be submitted in form of a written report by the contractor to the relevant local authority with recommendations. All tests on existing boreholes are be conducted on a fault call basis. And for new boreholes at the relevant stage of the working programme.

3.5 Borehole constant charge yield testing

The contractor is to perform a borehole constant charge yield test for both new and existing boreholes. The existing equipment shall be removed from the borehole and the test equipment shall be provided by the contractor. A report with the result and recommendations shall be submitted to the local authority.

3.6 Geo-Hydrological Services

A geo-Hydrological report to submitted by a competent hydrologist with recommendations for both new drilling and rehabilitation of the boreholes. The report **MUST** be signed by a professional registered with ECSA or SACNASP.

3.7 Existing material

All existing materials and equipment removed from the site shall be submitted to the local authority for safe keeping.

3.8 PVC Tank on elevated Steel stand

Standard drawings and designs will be provided to the contractor where new storage tanks are required.

3.9 Borehole rehabilitation

The rehabilitation of the existing borehole must be done as per the geo-Hydrological report recommendations and approved by the local authority. Some of the rehabilitation activities include but are not limited to drilling of a collapsed borehole, replacement of the existing equipment, chemical purification of the ground water and/or stored water, installation of water purification equipment and increasing of the borehole depth.

3.10 Regular maintenance and frequent activities

The contractor is responsible for the regular maintenance activities which includes the supply and dispensing of the purification chemical, regular maintenance of the mechanical purification equipment, and cleaning of the water storage system and/or drying of the site on a call or agreed fixed frequent basis. A quarterly report on the status of all the boreholes will be required.

3.11 Information submitted to the employer

In addition to the requirement of staff organization, Contractor's facilities, programs, plant logs and reports, etc. that stipulated in the specification, the Contractor shall obtain the approval from the Employer, and notify the Employer or his representative the method, sequence and program for execution of the works prior to the execution of the Works in all cases of maintenance, overhaul, repair, modification, addition and/or improvement work.

The Contractor shall, always, ensure no/minimal interference to client and other contractors on site during the whole course of execution of the works. Failure in compliance with this requirement, the Contractor shall indemnify the Employer against any claim arising from his fault.

3.12 Logbook

The logbook shall be provided by the Contractor and kept at management offices of management agent or Employer's representative, or appropriate places on site as agreed by the Employer. Every attendance and detail of work done to the infrastructure shall be entered into the logbook by the Contractor to form a maintenance record, and/or to certify the Contractor's attendance visits as required by this Contract. The logbook entries will be taken as record for the services provided by the Contractor. The Employer's Representative will check the entries randomly to ascertain the work described in the Contract properly executed.

In addition to record in the logbook, the Contractor shall also inform the Employer's Representative in writing for any anomaly found during the routine and/or call inspection which may not cause present danger to the passenger, but awareness is to be taken.

If the logbook is damaged, lost or fully complete, the Contractor shall inform the Employer's Representative immediately for its replacement. The replacement of logbooks and their return to the

Employer's representative or other party as designated by the Employer is the responsibility of the Contractor under the Contract.

3.13 Access control

The Contractor shall ensure that the infrastructure included in this Contract is properly and adequately executed in good working order, safe operation condition and for their

efficient performance. Before leaving the site and on completion of execution of works each time, the Contractor shall be report to the Facilities Management department for the signing off each job card. In the event of an emergency, afterhours or weekend work, all job cards shall be signed off by the Security Control Room as would be directed to the Contractor during such incidences.

3.14 Equipment

No unauthorized modifications shall be made to the equipment. All equipment installed must as per the authority's specification.

3.15 Design

For the installation of new equipment, the contractor shall follow all the approved designs submitted to them by the authorities unless otherwise specified. The department reserves the right to issue any designs of the systems. Manufacturers designs will be considered.

3.16 Materials

All the materials and tools shall be supplied by the contractor.

3.17 Drilling Depth

The standard borehole drilling depth is 200m unless otherwise specified by the geo-hydrological report.

3.18 Safety

It is the responsibility of contractor to construct a locked access safety structure specified by the department. The employed staff must have training with relevant experience. And personnel protective equipment must worn at all times on site.

3.19 Electrification

All electrical works shall be installed and maintained by the contractor.

3.20 Distribution

This specification applies only the water supply system this includes following equipment only.

- Water storage tanks (5kl PVC) and stands (3m Steel).
- All the pipe work until the valve connected to the main water supply pipe entering the building.
- Pumps and pressure vessels.
- · Screening and filtering systems.
- Electrical works up to the distribution box connected supply to the site.
- The borehole infrastructure and equipment

3.21 Environmental Considerations

Prevent contamination and protect the surrounding ecosystems.

- 3.22 Chemical Purification
- 3.23 Water filtering
- 3.24 Screening systems

4. New borehole drilling

When a borehole is being drilled at a facility the following procedure will be followed in the order listed below, and all the activities are the responsibility of the appointed contractor.

The geohydrological site studied must be done and a siting report provided to the LDPWR&I engineer. This report must be signed by a registered professional, and must include a proposed drilling location as well and an indication of the anticipated drill depth. Once approved the contractor may proceed with drilling. All drilling must be supervised by a competent person. The department must be informed so that a representative is also present on site for the drilling.

After the drilling 12-hour step tests and water quality tests must be conducted by a SANAS accredited laboratory. The geohydrologist must then analyse the results and prepare a final report detailing the drilling and the test result interpretation and recommendations.

Where the water quality not suitable for consumption (class 3 and above) quotations for an adequately sized water treatment system shall be sourced. Only on approval of the quotation by the engineer shall the equipping of the borehole and installation of the treatment, as well as the storage tank and stand commence.

No borehole shall be equipped where the water quality is poor and an alternative for water treatment has not been approved. All costs for work not approved shall be borne by the contractor.

5. Maintenance of the existing infrastructure.

The following activities are regarded as maintenance of the existing infrastructure.

Civil

Item	Activity
	Pipes and Storage
	Repair of leaking pipes and fittings
	Replacement of existing HDPE pipes
	Replacement of Galvanised pipes
	Repainting and welding of damaged steel stands
	Replacement of leaking PVC tanks

Electrical

Item	Activity
	Control box repairs
	Power supply connection repairs
	Flow control and borehole automation
	Repair of flow control

Mechanical

ltem	Activity
	Submersible pump
	·
	Lubrication
