## **PART C2: PRICING DATA**

## **C2: Pricing Data**

The actual pricing will be done when the department or any organ of state issues an RFQ after the service providers have entered into an agreement with the department. This section details the conditions that will apply at that time.

### **C2.1 Pricing assumptions**

#### **C.2.1.1 General**

**C.2.1.1.1** The *Consultant* will be paid under Option G (Term Contract) i.e. on a combination of Time Charges (sum of the products for each of the *staff rate* multiplied by the time appropriate to that *rate* properly spent on work in the contract) and Option B: Priced Contract with Activity Schedule.

**C.2.1.1.2** *Expenses* as provided for in the contract are paid in addition to the total of the Time Charges and lump sum prices.

**C.2.1.1.3** There is no adjustment to the lump sums for items in the Task Schedule if the amount, or quantity, of work within that activity later turns out to be different to that which the *Consultant* estimated at the time that the Task Schedule was accepted by the *Employer*. The only basis for a change to the lump sum prices is as a result of a compensation event (See Clause 60.1).

#### **C.2.1.2 Staff rates**

Where option G is used:

**C.2.1.2.1** The *staff rates* are the prices charged for staff, excluding VAT, but including:

- a) all the costs to the *Consultant* including total annual cost of employment, overhead charges incurred as part of normal business operations including the cost of management, as well as payments to administrative, clerical, IT support and secretarial staff used to support professional and technical staff in general and not on a specific project only;
- b) the time and costs expended in travelling to and from a site, meetings or any other activity associated with the provision of the service, *within 50 km from the key person's home base identified in Part 2 of the Contract Data*;
- c) non-recoverable expenses;
- d) all protective clothing and all standard equipment such as office furniture, copiers, plotters, computers and software used to perform the services; and
- e) profit.

**C.2.1.2.2** The total annual cost of employment is the total amount borne by the *Consultant* in respect of the employment of a staff member per year comprising basic salary and fringe benefits not reflected in the basic salary, including:

- a) normal annual bonus,
- b) *Consultant's* contribution to medical aid, unemployment insurance fund, pension or provident fund,
- c) group life insurance premiums borne by the *Consultant*; and
- d) all other benefits or allowances payable in terms of a letter of appointment excluding any share of profit and payment for overtime.

**C.2.1.2.3** The *staff rates* for staff whose hourly or monthly rate is based on the total annual cost of employment shall not exceed the staff rate for Rate 1 or Rate 3, respectively.

**C.2.1.2.4** The *staff rates* exclude VAT.

**C.2.1.3 Percentage fee based on the total value of construction works**

Where option A is used, the professional service provider will provide a percentage (%) fee the provider will charge in relation to the total value of construction works. The fees will therefore be paid in accordance with the total value of works – including any adjustments, at given point in time.

**C.2.1.4 Expenses**

**C.2.1.4.1** The *expenses* that may be paid to the *Consultant* are as stated in the Contract Data. All other cost to the Consultant associated with Providing the Services is included within the staff rates.

**C.2.1.4.2** All air travel shall be in economy class on a scheduled airline.

**C.2.1.4.3** Accommodation means a

- a) a bed and breakfast;
- b) a guest house;
- c) self catering; or
- d) hotel having a star rating of 1, 2 or 3 as defined by the Tourism Grading Council of South Africa (see [www.tourismgrading.co.za](http://www.tourismgrading.co.za)).

**Note:** A lodge, country house or 4 star or higher star rated hotel is not accommodation. Any stay in such a facility cannot be claimed as an expense.

**C.2.1.4.4** A hired car means a motor vehicle having an engine capacity of not more than 2500 cc.

**Note:** A hired car having an engine capacity greater than 1800cc is not a hired car and cannot be claimed as an expense

Post the appointment of the service provider on the framework agreement, the department will call all qualifying service providers and issue request for task orders as necessary. The request for task orders will be based on Option A: Priced Contract with Activity Schedule and Option G: Term contract.

The process of inviting service providers during the issuing of request for task orders will be based on the nature or classification of works (either complex or simple) and size of the project (estimated total value of the project).

For complex projects, only service providers who their principal consultants are registered as professional engineers (Pr.Eng) with the ECSA will be considered and considered for award.

The estimated value of the structural works applicable to the project will be used to determine the size of enterprises (small, medium or large) to be invited as follows:

- (i) Where the estimated costs of structural works of the project is less than R 5 million, **all the bidders** within the framework agreement will be invited.
- (ii) Where the estimated costs of structural works of the project is above R 5 million and less than R 10 million, **only medium and large enterprises** will be invited.
- (iii) Where the estimated costs of structural works of the project is above R 10 million, **only large enterprises** will be invited.

SIZE OF ENTERPRISE TO BE INVITED	ESTIMATED VALUE OF STRUCTURAL WORKS	PROFESSIONALS REQUIRED
Large Practice in Structural Engineering Services	R10.0 Million Rand and above for Structural Engineering Services Only	A minimum of 3 Fulltime Pr Eng (Structural) or/and Pr Technologist Eng. (Structural)
Medium Practice in Structural Engineering Services	Above R5.0 Million and less than R10.0 Million Rand for Structural Engineering Services Only	A minimum 2 Fulltime Pr Eng and/or Pr Technologist Eng (Structural)
Small Practice in Structural Engineering Services	Less than R5,0 Million Rand for Structural Engineering Services Only	A minimum of 1 Fulltime Pr Eng and/or Pr Technologist Eng (Structural)

The evaluation of task order request will be evaluated in terms of Method 2: Financial Offer and Preference. The points for preference will be done in terms of the Department of Public Works, Roads and Infrastructure Preferential Procurement Regulations of 2022 – or as amended, at the time of the issuing of the request for task order. This information will be included on the request for Task order.

The number of points awarded for financial offer will be calculated using this equation.

$$P = 80 * \left(1 - \frac{(P_o - P_m)}{P_m}\right) \text{ or } P = 90 * \left(1 - \frac{(P_o - P_m)}{P_m}\right)$$

Where:

$P$  is the points awarded to the bid under consideration

$P_m$  is the lowest acceptable bid price

$P_o$  is the comparative price under consideration

### POINTS AWARDED FOR SPECIFIC GOALS

In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:

In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—

- (a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or
- (b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system, then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

Specific goals for the tender and points claimed are indicated per the table below.

The specific goals allocated points in terms of this tender	Number of points allocated (90/10 system) (To be completed by the organ of state)	Number of points allocated (80/20 system) (To be completed by the organ of state)	Number of points claimed (90/10 system) (To be completed by the tenderer)	Number of points claimed (80/20 system) (To be completed by the tenderer)
